hello, H & L

Thought you might be interested in the attached, which far surpassed the New York Daily News' usual Sunday assortment of funnies.

How the mighty have risen! The Jack Ruby we all knew and loved now is the confidant of cuba's che g, ~~mmmmm~~ and castros f&r. He also is a negotiator for the Mob in Chi, Big D and NO, and no longer the ~~mmmmm~~ weeping police buff who couldn't be trusted with his brother's kipper.

Paul Meskil, author of the piece, is an author of books about mobdom, I think, but am mailing this off to you before checking it out.
